# Designer Series Fire & Burglary Safes **LUCELL**

## Superior Design:

The combination of rich burgundy red and cool black and its lustrous gloss accentuate the flowing lines of the safe and make LuCell a design highlight of your interior decor.

## Convenient and Secure Soft-touch Buttons:

LuCell's sensuous design and security functions are enhanced by the convenient soft touch- digital buttons, which become activated only when you use it.

## Excellent Fire-resistance:

LuCell protects all your valuables by keeping the interior temperature below 150° C when the outside temperature goes up to 1050°C for an hour.

It has been certified by KS (Korean Standards) and JIS (Japanese Industrial Standards).

## Enhanced Security:

LuCell is the only safe that passed JAPAN'S TS-15 anti-burglar test in Korea. It's separate locking module, hidden hinges and wider glass relocker provides even better security against an intruder's attack. A high-sensitivity shock sensor with a 120 decibel alarm protects the contents in the event that LuCell is moved or struck.

## Features:

LuCell supports hybrid power that can run either on battery or adaptor (240VAC Converter/Adapter Required).

Internal lighting provides convenience in dark places.
